These forward-looking statements are subject to risks, uncertainties and other factors, some of which are beyond our control, which could cause actual results to differ materially from this forecast or anticipated in such forward-looking statements. You should not place undue reliance on these forward-looking statements, which reflect our view only as of the date of this report. We undertake no obligation to update these statements or publicly release the result of any revisions to these statements to reflect events or circumstances after the date of this report or to reflect the occurrence of unanticipated events.

ITEM 1. BUSINESS

INTRODUCTION

Shoal Games Ltd. (TSXV : SGW) (OTCQB : SGLDF) (www.shoalgames.com) is the parent company of a group of companies, which creates consumer mobile software products and games. The Company is managed by an experienced team of technology entrepreneurs who have a long history in video games, enterprise software, mobile software, and Internet products.

The current focus of Shoal Games is the development and marketing of a platform of interactive games for families and children. The product is called Rooplay and, similar to Netflix or Spotify, is a cloud-based system for delivering content on-demand to consumers based on subscription. Rooplay differs from Netflix and Spotify in that it does not supply television or music content, but games. In particular, Rooplay is a platform of games specifically curated to be suitable for children and families. Rooplay has no ads, no in-app purchases, no long downloads, no instant messaging, and no outbound links of any form. These characteristics make the product a unique platform of game content that is entirely safe for children.

Furthermore, the games on the Rooplay system are designed to both entertain and educate. Children engaging with Rooplay learn technology, solve puzzles, paint pictures, practice language, learn math, and much more. Shoal Games is developing a content system with Rooplay that builds tech literacy and encourages early learning. The Company believes that to be able to teach children, they must first hold their attention. Rooplay mixes entertainment with education so that long player sessions are created in a safe environment where children have fun and are challenged in new ways with every session. Rooplay has over 500 unique interactive games in every imaginable format.

One strategy that Shoal Games pursues to acquire content for the Rooplay system is by licensing games from developers around the world. As each game has its own style of production, children must learn to interact with each piece of software in a different way. In every game the art design, game mechanics, controls and game objectives are different so each experience has its own learning curve and is engaging for kids of every age.

While acquiring content through license is important, the Shoal Games team recognizes that the development of exclusive content is critical to the competitive position of the Rooplay system. Therefore, the Company is investing its resources into the design and production of Rooplay Originals for release onto the Rooplay platform and into the App Stores as single products. Shoal Games' Rooplay Originals focus on educational games (edugames), classic board and family games, coloring books, jigsaw puzzles, and much more. In addition, the Rooplay Originals strategy is to

license popular intellectual property rights to use in the production and publishing of its exclusive content. The first license for Rooplay Originals is with the popular cartoon cat, Garfield, who will feature in many of the Company's releases. Shoal Games intends on licensing many other popular children's characters for future edugame productions.

Shoal Games management believes that through the development of the Rooplay platform and the production of exclusive edugame content that it can create a defensible position in the market as a platform of edugames and entertainment for kids of all ages. Shoal Games has a long history in video games and software development and believes that its experienced team is capable of creating Rooplay so that it becomes a global provider of mobile entertainment. Rooplay will generate revenue for the Company from consumer subscriptions which customers will pay to unlock the Rooplay game catalog.

Shoal Games' other mobile products include Garfield's Bingo (www.garfieldsbingo.com), the first mobile bingo game to feature a mega-brand; and Trophy Bingo (www.trophybingo.com), live across mobile platforms with over 500,000 installs. Trophy Bingo and Garfield's Bingo are innovative free-to-play mobile games live in the Apple, Google and Amazon App Stores. The Company has generated its main source of revenue to-date from players making in-app purchases in Trophy Bingo and Garfield's Bingo.

History and Corporate Structure

The Company was originally incorporated in the State of Florida on January 12, 1987.

Effective January 22, 1999, the Company acquired the use of the second level domain name bingo.com and embarked on a strategy to become a leading online provider of bingo based games and entertainment.

Effective April 7, 2005, the shares of Bingo.com, Ltd. by way of a merger between Bingo.com, Inc. and Bingo.com, Ltd., began trading under the new ticker symbol "BNGOF".

Effective December 31, 2014 the URL www.bingo.com and the online bingo business were sold to Unibet, plc.

On January 22, 2015, Bingo.com, Ltd. filed Articles of Amendment with the Anguilla Registrar of Companies changing its name to "Shoal Games Ltd.". Effective at the open of markets on January 27, 2015, the Common Shares commenced trading under the new trading symbol "SGLDF" on the OTC-QB.

On June 29, 2015, the Company filed a TSX Venture Exchange Listing Application for the TSX-V listing and commenced trading on July 2, 2015, under the symbol "SGW".

We conduct our business through the Anguilla incorporated entity and through our wholly-owned subsidiaries Shoal Media (Canada) Inc. (previously English Bay Office Management Limited) ("Shoal Media Canada"), Shoal Games (UK) plc ("Shoal UK"), Coral Reef Marketing Inc. ("Coral Reef"), Shoal Media Inc. ("Shoal Media") and Rooplay Media Ltd.

Shoal Media Canada was incorporated under the laws of British Columbia, Canada, on February 10, 1998, as 559262 B.C. Ltd. and changed its name to Bingo.com (Canada) Enterprises Inc. on February 11, 1999. It subsequently changed its name to English Bay Office Management Limited on September 8, 2003. Effective March 11, 2016, it changed its name to Shoal Media (Canada) Inc.

On August 15, 2002, 99% of the share capital of Shoal UK was acquired. Shoal UK was incorporated under the laws of England and Wales on August 18, 2000, as CellStop plc. and changed its name to Bingo.com (UK) plc. on August 5, 2002. During the year ended December 31, 2015, the Company changed the name of the company to Shoal Games (UK) plc.

On January 21, 2008, Coral Reef Marketing Inc., was incorporated under the laws of Anguilla, British West Indies.

On January 1, 2013, 100% of the share capital of Shoal Media Inc., an Anguillian Company was acquired.

On October 25, 2016, Rooplay Media Ltd., was incorporated under the laws of British Columbia, Canada.

Subsequent to the year ended December 31, 2016, Shoal Media UK Ltd. was incorporated under the laws of England and Wales.

The Company also maintains a number of inactive wholly-owned subsidiaries. These are:

- Bingo.com (Antigua), Inc., (“Bingo.com (Antigua)”) incorporated as an Antigua International Business Corporation on April 7, 1999, as Star Communications Ltd. and changed its name to Bingo.com. (Antigua), Inc. on April 21, 1999;
- Bingo.com (Wyoming), Inc., incorporated in the State of Wyoming on July 14, 1999;
- Bingo.com Acquisition Corp., incorporated in the State of Delaware on January 9, 2001.

All three of the inactive subsidiaries were incorporated to facilitate the implementation of business plans that we have since modified and refocused and, consequently, there is no activity in these entities.

Our common shares are currently quoted on the Over the Counter Markets - The Venture Marketplace (“OTCQB”) operated by OTC Markets Group Inc. under the symbol “SGLDF” and on the TSX Venture Exchange in Canada under the symbol “SGW”. We have not been subject to any bankruptcy, receivership or other similar proceedings.

Development of the Business

The primary focus of Shoal Games is the development and marketing of the Rooplay edugame system for children and families. Shoal Games management believes that Rooplay could become a popular global platform of educational and entertainment games for kids and is executing the business strategy to achieve this goal.

Bingo.com Domain Name

Effective December 31, 2014, the Company sold the Bingo.com domain name to Unibet Group plc for \$8 million. The Company received cash consideration of \$2,000,000 and the redemption of 15,000,000 common shares of the Company at a price of \$0.40 per share, which were held by Unibet. The 15,000,000 common shares held by Unibet Group plc. have been returned to the Company’s treasury and subsequently canceled.

Shoal Games Domain Names

Shoal Games owns the domain names Rooplay.com, Shoalgames.com, Shoalgames.net, Shoalmedia.com, Shoalmedia.net, Garfieldsbingo.com, Trophybingo.com, Trophybingo.net, and Trophybingo.ca.

BUSINESS OVERVIEW

The current focus of Shoal Games is the development and marketing of Rooplay, an innovative platform of interactive games for families and children.

Product Strategy

Rooplay is a Netflix of games for children and families. Rooplay has no ads, no in-app purchases, no long downloads, no instant messaging, and no outbound links of any form. These characteristics make the product a unique platform of game content that is entirely safe for children.

Rooplay generates revenue from consumer subscriptions which are paid to access the Rooplay library of games. Shoal Games management believes that the development of a platform system such as Rooplay will create a significant and sustainable revenue stream for the Company.

In addition to developing and maintaining the Rooplay system, Shoal Games develops original content that it publishes into the App Stores as single apps and onto Rooplay to expand the library of content on the platform. Mobile users can choose to download and play Shoal Games single apps, or access the entire library of over 500 games from within Rooplay.

Marketing & Distribution Strategy

Shoal Games pursues both a business-to-consumer strategy and a business-to-business strategy with Rooplay. With the Company's direct to consumer strategy, new users of Rooplay are created via paid performance marketing, search engine marketing, word-of-mouth, and from links and promotions in the Company's other mobile products.

The business-to-business distribution strategy involves targeted business development efforts with mobile handset manufacturers, cable companies, and mobile telecommunications operators to encourage them to partner with Shoal Games to distribute Rooplay to their customers. Shoal Games offers revenue share opportunities to potential partners who are interested in providing content systems such as Rooplay to their customers.

Pricing Strategy

Shoal Games is pursuing an aggressive penetration pricing strategy with Rooplay by offering monthly subscriptions to its library of 500+ games and exclusive. All users acquired via the direct-to-consumer model will be offered a 30 day trial period before the subscription fee becomes payable. Rooplay users acquired via partner relationships will have varying periods of free trial and pricing as determined by the partner's circumstances and region.

Growth Strategy

Shoal Games management is pursuing an aggressive growth strategy by approaching local partners in many regions of the world who are interested in distributing Rooplay. Rooplay's games are not restricted to any particular region and the demand for early learning systems such as Rooplay is strong.

With more than 6.8 billion mobile phone subscriptions in place globally the demand for mobile content systems is enormous. Rooplay fills a particular need for families and with every additional piece of content that is added to the system the draw to Rooplay in comparison to other systems becomes stronger. With the competition fierce between network operators for new mobile subscribers, Shoal Games management believes that owning a content platform system such as Rooplay will create long-term value for the Company's shareholders.

International Strategy

The first release of Rooplay is in English, but the system has been designed from conception to provide value to children and families of every language. Most games are developed without the requirement of any text to learn and play so Rooplay's potential for localization and international publishing is ideal. Furthermore, all of Shoal Games' original productions for Rooplay are built to support learning in any language.

With densely populated regions such as China interested in games, the English language, and early learning technology such as Rooplay, Shoal Games management is actively pursuing local partners to assist in the distribution of Rooplay in China.

Trophy Bingo & Garfield's Bingo

The Company has completed the social bingo games Trophy Bingo and Garfield's Bingo which are available on Apple's iOS, Google's Android and Amazon Android systems. Revenue is generated in the games via in-app purchases and advertising. Shoal Games management continues to support Trophy Bingo and Garfield's bingo to grow revenues and provide cash to the Company.

OPERATIONS

Employees

As of December 31, 2016, we had eleven full-time employees, not including temporary personnel, consultants, and independent contractors. Since 2006 it has been, and continues to be, the Company's objective to control its costs by retaining consultants, as needed, to provide special expertise in developing internal strategic, marketing, accounting and technical services. The Company ceased outsourcing its software development personnel in September 2016 following the bankruptcy of its outsource supplier. The Company immediately hired the key personnel from that organization whom are now our full-time employees. None of our employees or consultants are represented by a labor union, and we believe that our relationship with our employees and consultants is good.

We are substantially dependent upon the continued services and performance of J. M. Williams, Chief Executive Officer and T. M. Williams, Executive Chairman. The loss of the services of these key individuals would have a material adverse effect on our business, financial condition and results of operations. We do not carry any key man life insurance on any individuals.

Seasonality

We do not believe that seasonality has an effect on our product demand or our revenue realization.

Competition

At present the Company is not aware of any direct competitors to Rooplay. To management's knowledge, no other systems are in existence such as Rooplay that offer instantly playable edugames and family games.

In the mobile bingo market, large operators have acquired the companies behind the two leading social bingo games. Caesars Interactive Entertainment acquired Buffalo Studios, the makers of Bingo Blitz, in 2012 for \$53 million. More recently in 2014, GSN Games purchased Bash Gaming, the makers of Bingo Bash, for \$160 million. The Company views these acquisitions as additional confirmation that the social bingo marketplace is valuable and will support another market entrant.

Costs and Effects of Compliance with Environmental Laws

The Company is in the business of developing and marketing Rooplay, Garfield's Bingo, and Trophy Bingo. To the best of our knowledge, no federal, state or local environmental laws are applicable to our business.

BRITISH COLUMBIA SECURITIES COMMISSION

Effective September 15, 2008, the British Columbia Securities Commission ("BCSC") issued rule 51-509 Issuers Quoted in the U.S. Over-the-Counter Markets. Rule 51 - 509 requires all Over-the-Counter Companies that have connections to British Columbia (BC) to comply with BC securities law and certain public disclosure requirements. The Company is deemed to have connection to BC due to the fact that administration and a director are located in BC. The Company has complied with rule 51-509 and registered and filed the necessary documents on SEDAR. The Company is deemed, due to the fact that there are less than 50% of the Company's shareholders located in BC, to be a foreign reporting issuer in accordance with NI 71-102 "Continuous Disclosure and Other Exemptions Relating to Foreign Issuers". Therefore the Company is only required to file what it files with the Securities and Exchange Commission on SEDAR.

FINANCIAL INFORMATION ABOUT GEOGRAPHIC AREAS

The equipment of the Company to operate the operations of the Company is located in Anguilla, United Kingdom, and Canada. The revenue from in-app purchases is worldwide, with the majority from Europe and the USA.

AVAILABLE INFORMATION

The Company makes available through the Corporate Shoal Games section of its internet website at <http://investor.shoalgames.com> its annual report on Form 10-K, quarterly reports on Form 10-Q,

current reports on Form 8-K, Press Releases, Research Reports, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act, as soon as reasonably practicable after electronically filing such material with the Securities and Exchange Commission.

You may read and copy any reports, statements or other information that we file with the Securities and Exchange Commission at the Securities and Exchange Commission's Public Reference Room at 100 F Street, N.E., Washington D.C. 20549. You can request copies of these documents, upon payment of a duplicating fee, by writing to the Securities and Exchange Commission. Please call the Securities and Exchange Commission at 1-800-SEC-0330 for further information on the operation of the Public Reference Room.

We file our reports with the Securities and Exchange Commission electronically through the Securities and Exchange Commission's Electronic Data Gathering, Analysis and Retrieval ("EDGAR") system. The Securities and Exchange Commission maintains an Internet site that contains reports, proxy and information statements, and other information regarding companies that file electronically with the Securities and Exchange Commission through EDGAR. The address of this Internet site is <http://www.sec.gov>.

In addition, we file our reports on SEDAR, for TSX Venture companies. The address of this Internet site is <http://www.sedar.com>.

ITEM 2. PROPERTIES.

Since 2005 our executive office is located in The Valley, Anguilla, British West Indies. We commenced the present lease agreement on April 1, 2010, for a period of one year. Unless 3 month's notice is given it automatically renews for a future 3 months until notice is given. To date no notice has been given. The monthly rental is \$250.

Our primary administrative and development facility is located in leased space in Vancouver, British Columbia. During the year ended December 31, 2016, the Company signed a lease expiring December 31, 2016. After December 31, 2016, unless 30 day notice is given this lease is extended on a month-to-month basis. To date no notice has been given. This facility comprises approximately 1,651 square feet. The monthly rental is approximately \$1,146.

We operate a sales and marketing office in London, United Kingdom.

We believe that these facilities will be adequate to meet our requirements for the near future and that suitable additional space will be available if needed. Other than described above, neither we, nor any of our subsidiaries presently own or lease any other property or real estate.

ITEM 3. LEGAL PROCEEDINGS.

We are not currently a party to any legal proceedings and were not a party to any other legal proceeding, during the fiscal year ended December 31, 2016. We are currently not aware of any legal proceedings proposed to be initiated against us. However, from time-to-time, we may become subject to claims and litigation generally associated with any business venture.

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES.

Our common stock is currently quoted on the TSX Venture Exchange in Canada under the symbol "SGW" and on the Over the Counter Markets – The Venture Marketplace ("OTCQB") operated by OTC Markets Group Inc. under the symbol "SGLDF".

On March 19, 1997, our common stock was approved for trading on the National Association of Securities Dealers OTC Bulletin Board (the "OTCBB") under the symbol "PGLB". In January 1999, when we changed our name to Bingo.com, Inc., our OTCBB symbol was changed to "BIGG". On July 26, 1999, we changed our trading symbol from "BIGG" to "BIGR". On April 7, 2005, Bingo.com, Inc. completed a merger with its wholly-owned subsidiary Bingo.com, Ltd. The principal reason for Bingo.com, Inc.'s merger with its subsidiary Bingo.com, Ltd. was to facilitate Bingo.com, Inc.'s reincorporation under the International Business Companies Act of Anguilla, B.W.I. Effective April 7, 2005, the shares of Bingo.com, Ltd. began trading under the new ticker symbol "BNGOF". In 2011, we transferred to the Over the Counter Markets - The Venture Marketplace ("OTCQB") operated by OTC Markets Group Inc., whilst continuing our ticker symbol "BNGOF". The bid quotations set forth below, reflect inter-dealer prices, without retail mark-up, mark-down or commission and may not reflect actual transactions. During the year ended December 31, 2015, the Company changed its name to Shoal Games Ltd. and changed our trading symbol from "BNGOF" to "SGLDF". Effective July 2, 2015, the Company additionally commenced trading on the TSX Venture Exchange in Canada under the symbol "SGW".

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The information contained in this Management's Discussion and Analysis or Plan of Operation contains "forward looking statements." Actual results may materially differ from those projected in the forward looking statements as a result of certain risks and uncertainties set forth in this report. Although management believes that the assumptions made and expectations reflected in the forward looking statements are reasonable, there is no assurance that the underlying assumptions will, in fact, prove to be correct or that actual future results will not be materially different from the expectations expressed in this Annual Report. The following discussion should be read in conjunction with the audited Consolidated Financial Statements and related Notes thereto included in Item 7 and with the Special Note regarding forward-looking statements included in Part I.

OVERVIEW

The primary focus of Shoal Games is the development and marketing of the Rooplay edugame system for children and families. Rooplay has no ads, no in-app purchases, no long downloads, no instant messaging, and no outbound links of any form. These characteristics make the product a unique platform of game content that is entirely safe for children.

The games on the Rooplay system are designed to both entertain and educate. Children engaging with Rooplay learn technology, solve puzzles, paint pictures, practice language, learn math, and much much more. Shoal Games is developing a content system with Rooplay that builds tech literacy and encourages early learning. The Company believes that to be able to teach children, they must first hold their attention. Rooplay mixes entertainment with education so that long player sessions are created in a safe environment so that children have fun and are challenged in new ways with every session. Rooplay has over 500 unique interactive games in every imaginable format.

Shoal Games management believes that through the development of the Rooplay platform and the production of exclusive edugame content that it can create a defensible position in the market as a premium provider of mobile games content for kids. Shoal Games has a long history in games and software development and believes that its experienced team is capable of creating Rooplay so that it becomes a global provider of mobile entertainment. Rooplay will generate revenue for the Company from consumer subscriptions which customers will pay to unlock the Rooplay game catalog. Shoal Games management believes that the development of a platform system such as Rooplay will create a significant and sustainable revenue stream for the Company.

Shoal Games management is pursuing an aggressive growth strategy by approaching local partners in many regions of the world who are interested in distributing Rooplay. Rooplay's games are not restricted to any particular region and the demand for early learning systems such as Rooplay is strong.

With more than 6.8 billion mobile phone subscriptions in place globally the demand for mobile content systems is enormous. Rooplay fills a particular need for families and with every additional piece of content that is added to the system the draw to Rooplay in comparison to other systems becomes stronger. With the competition fierce between network operators for new mobile subscribers, Shoal Games management believes that owning a content platform system such as Rooplay will create long-term value for the Company's shareholders.

Shoal Games' other mobile products include Garfield's Bingo (www.garfieldsbingo.com), the first mobile bingo game to feature a mega-brand; and Trophy Bingo (www.trophybingo.com), live across mobile platforms with over 500,000 installs. Trophy Bingo and Garfield's Bingo are innovative free-to-play mobile games live in the Apple, Google and Amazon App Stores. The Company has generated its main source of revenue to-date from players making in-app purchases in Trophy Bingo and Garfield's Bingo.

CRITICAL ACCOUNTING POLICIES

The following discussion of critical accounting policies is intended to supplement the Summary of Significant Accounting Policies presented as Note 2 to our audited consolidated financial statements presented elsewhere in this report. Note 2 summarizes the accounting policies and methods used in the preparation of our consolidated financial statements. The policies discussed below were selected because they require the more significant judgments and estimates in the preparation and presentation of our financial statements. On an ongoing basis, management evaluates these judgments and estimates, including whether there are any uncertainties as to compliance with the revenue recognition criteria described below, and recoverability of long-lived assets, as well as the assessment as to whether there are contingent assets and liabilities that should be recognized or disclosed for the consolidated financial statements to fairly present the information required to be set forth therein. We base our estimates on historical experience, as well as other events and assumptions that are believed to be reasonable at the time. Actual results could differ from these estimates under different conditions.

Revenue Recognition

Trophy Bingo and Garfield's Bingo revenues have been recognized from the sale of in-game purchases, net of platform fees, at the time of purchase by the player. The revenue from in-game advertising is recognized when advertising is served to the player.

Advertising revenues, not generated in Trophy Bingo and Garfield's Bingo, have been recognized when collection of the amounts are reasonably assured.

Rooplay revenue have been recognized when collection of the subscriptions are reasonably assured and the provision of service has occurred.

Software Development Costs

Software development costs incurred in the research and development of new software products and enhancements to existing software products for external use are expensed as incurred until technological feasibility has been established. After technological feasibility is established, any software development costs are capitalized and amortized on a straight-line basis over the estimated economic life of the related product. The Company performs an annual review of the estimated economic life and the recoverability of such capitalized software costs. If a determination is made that capitalized amounts are not recoverable based on the estimated cash flows to be generated from the applicable software, any remaining capitalized amounts are written off. The Company capitalized 100% of its development costs of Trophy Bingo in 2013. Commencing January 1, 2014, the Company commenced amortizing the capitalized software development costs over a period of 3 years and all further development costs have been expensed. The Company performs an annual review of the estimated economic life and the recoverability of such capitalized software costs, using a net realizable value test.

Although the Company believes that its approach to estimates and judgments as described herein is reasonable, actual results could differ and the Company may be exposed to increases or decreases in revenue that could be material. Total software development costs for the development of Rooplay, Garfield's Bingo, and Trophy Bingo were \$4,935,274 as at December 31, 2016 (2015 - \$3,857,636).

SOURCES OF REVENUE AND REVENUE RECOGNITION

We generate our revenue from the following:

- The sale of in-app purchases in Garfield's Bingo and Trophy Bingo in the Google play, Apple iOS and Amazon App stores.
- In-game advertising, whereby players watch advertising to gain in-game currency.
- The sale of advertising on our websites. We recognize revenue on this basis based on the amount paid to us upon the delivery and fulfillment of advertising, provided that the collection of the resulting receivable is probable.
- Consumer subscription from players paying to unlock the Rooplay game catalog.

SUPPLEMENTARY FINANCIAL INFORMATION

Quarterly Results of Operations

The following tables present our unaudited consolidated quarterly results of operations for each of our last eight quarters. This data has been derived from unaudited consolidated financial statements that have been prepared on the same basis as the annual audited consolidated financial statements and, in our opinion, include all normal recurring adjustments necessary for the fair presentation of such information. These unaudited quarterly results should be read in conjunction with our audited consolidated financial statements, included in Item 7 of this report.

RESULTS OF OPERATIONS

Years Ended December 31, 2016 and 2015

Revenue

Total revenue from continuing operations increased to \$278,921 for the year ended December 31, 2016, an increase of 150% over revenue from continuing operations of \$111,610 for the same period in the prior year. The increase in total revenue compared to fiscal 2015, is due to the Company launching a full global release of a feature complete Trophy Bingo in the Google Play and Apple App Store in the latter half of the third quarter of fiscal 2015 and an increase in players playing Trophy Bingo and the launch of Garfield’s Bingo in the fourth quarter of fiscal 2016.

Selling and marketing expenses

Sales and marketing expenses from continuing operations were \$403,523 for the year ended December 31, 2016, a decrease of 27% over expenses of \$549,534 for the same period in the prior year. This decrease in sales and marketing expenses from continuing operations in fiscal 2016, compared to fiscal 2015, was due to a lower marketing spend for player acquisitions in Trophy Bingo commencing in early 2016 whilst the Company prepared for the launch of planned new features in Trophy Bingo to meet active player demand and to complete the development of Garfield’s Bingo. Selling and marketing expenses principally include publishing services and user acquisition costs to acquire players.

We expect to incur increased sales and marketing expenses to bring new players to Rooplay and our bingo games now that all three products are commercially viable. There can be no assurances that these expenditures will result in increased traffic or significant additional revenue.

General and administrative expenses

General and administrative expenses consist primarily of premises costs for our office, legal and professional fees, and other general corporate and office expenses. General and administrative expenses decreased to \$231,404 for the year ended December 31, 2016, a decrease of 35% over costs of \$356,647 for the previous year. Effective July 2, 2015, the Company commenced trading on the TSX Venture Exchange as a tier 2 Technology Issuer under the trading symbol "SGW. This decrease in general and administrative expenses compared to fiscal 2015, is due to the fees incurred in listing the Company in 2015.

We expect to continue to incur general and administrative expenses to support the business, and there can be no assurances that we will be able to generate sufficient revenue to cover these expenses.

Salaries, wages, consultants and benefits

Salaries, wages, consultants and benefits expenses decreased to \$413,166 during the year ended December 31, 2016, a decrease of 4% over costs of \$429,072 for the previous year. Certain of the Company's salaries, wages, consultants and benefits expenses are incurred in Canadian Dollars. The decline in the Canadian dollar in relation to the United States dollar has led to a decline in salaries, wages, consultants and benefits expenses for the year ended December 31, 2016.

Depreciation and amortization

Equipment is depreciated using the declining balance method over the useful lives of the assets, ranging from three to five years. Depreciation increased to \$3,570 during the year ended December 31, 2016, over depreciation of \$3,467 during the prior year. This increase in depreciation and amortization compared to fiscal 2015, is due to the disposal of old obsolete equipment.

Development and amortization

Commencing January 1, 2014, the Company ceased to capitalize the development costs of Trophy Bingo and commenced amortizing the capitalized development costs over the life of the game. The Company expensed \$1,077,638 in development costs during the year ended December 31, 2016, a decrease of 12% over \$1,230,216 of development costs in the prior year. This decrease in development costs is due to a smaller team developing Rooplay, Garfield's Bingo and Trophy Bingo compared to fiscal 2015. In addition, the Company amortized \$482,013 (2015 - \$482,012) of the capitalized development costs during the year ended December 31, 2016.

Other income and expenses

During the year ended December 31, 2016, the Company has a foreign exchange loss of \$33,020 compared to foreign exchange gains of \$33,758 in the prior year. These losses are due to the exchange rate movements of the US Dollar compared to the Pound Sterling and the Canadian Dollar.

During the year ended December 31, 2016, we received interest income of \$155, a decrease of 86% compared to interest income of \$1,089 in the prior year. The interest income is received from bank term deposits from investing our cash. The decrease in interest income is due to lower bank account balances in fiscal 2016 compared to fiscal 2015.

Loss on prepaid development

During the second quarter of fiscal 2016, the Company prepaid \$863,660 in development costs, in order to lessen our expected overall development costs. Effective August 31, 2016, Roadhouse Interactive Limited, our outsourced developer, was placed in receivership. There was \$498,791 in development expenses which had not been utilized. The Company immediately expensed these costs and hired the key members of the Roadhouse development staff that had been working on the Company's products. The Company, at all times, has retained ownership and copies of all requisite source code and art work in all its products.

Income taxes

The Company incurred income tax expense of \$1,294 during the year ended December 31, 2016, in relation to profits earned in its subsidiaries in different jurisdictions compared to income tax expense of \$480 in the prior year. During the year ended December 31, 2005, the Bingo.com, Inc. merged with its subsidiary Bingo.com, Ltd. in Anguilla, British West Indies. Anguilla is a zero tax jurisdiction.

Sale of domain name

Effective December 31, 2014, the Company sold its URL www.bingo.com and its bingo business to Unibet Group plc (“Unibet”) for total consideration of \$8,000,000. The Company received cash consideration of \$2,000,000 and redemption of the 15,000,000 common shares of the Company, which were held by Unibet and recorded this gain in the year ended December 31, 2015. The 15,000,000 common shares held by Unibet were returned to the Company’s treasury and cancelled. The Company recorded a residual gain from the sale of \$16,305 which was received in the year ended December 31, 2016.

Net loss and loss per share

The net loss after taxation for the twelve months ended December 31, 2016, amounted to (\$3,156,302), a loss of (\$0.05) per share, compared to a net loss of (\$2,965,682), a loss of (\$0.05) per share in the twelve months ending December 31, 2015. The increase in net loss is due to the loss on prepaid development costs.

LIQUIDITY AND CAPITAL RESOURCES

We had cash of \$60,190 and working capital of \$13,896 at December 31, 2016. This compares to cash of \$570,086 and working capital of \$454,447 at December 31, 2015.

During the year ended December 31, 2016, we used cash of \$2,476,707 in operating activities compared to using cash of \$2,383,038 in the prior year.

Net cash generated by financing activities was \$1,974,215 in the year ended December 31, 2016, which compares to cash generated by financing activity of \$77,250 in fiscal 2015. This cash generated by financing activity is due to the cash raised from two private placements and a rights issue during the year ended December 31, 2016 compared to the cash raised from option holders exercising their options during the year ended December 31, 2015

Cash of \$7,404 used in investing activities in fiscal 2016, compared to \$512 in the prior year. This increase in cash used in investing activities is due to the acquisition of equipment and furniture for new employees.

Our future capital requirements will depend on a number of factors, including costs associated with the further development of Rooplay, Garfield’s Bingo and Trophy Bingo; the cost of marketing and player acquisition costs for Rooplay, Garfield’s Bingo and Trophy Bingo, and the success of Rooplay, Garfield’s Bingo and Trophy Bingo.

Off Balance Sheet Arrangements

We did not have any Off Balance sheet arrangements for the year ended December 31, 2016 and 2015.

AUDIT COMMITTEE

Our audit committee consists of four directors and reports to the Board of Directors. The audit committee meets regularly throughout the year and met with the independent auditors on March 30, 2017, and approved the financials statements for the year ended December 31, 2016.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Directors of
Shoal Games Ltd.

We have audited the accompanying consolidated financial statements of Shoal Games Ltd. (the “Company”), which comprise the consolidated balance sheets as of December 31, 2016 and 2015, and the related consolidated statements of operations, stockholders’ equity (deficiency), and cash flows for the years ended December 31, 2016 and 2015. These consolidated financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Shoal Games Ltd. as of December 31, 2016 and 2015, and the results of its operations and its cash flows for the years ended December 31, 2016 and 2015 in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that Shoal Games Ltd. will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Shoal Games Ltd. has suffered recurring losses from operations. This matter, along with the other matters set forth in Note 1, indicate the existence of material uncertainties that raises substantial doubt about its ability to continue as a going concern. Management’s plans in regard to these matters are also described in Note 1. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Notes to Consolidated Financial Statements

Years ended December 31, 2016 and 2015

1. Introduction:

Nature of business

The primary focus of Shoal Games Ltd. (the “Company”) is the development and marketing of the Rooplay edugame system for children and families. Rooplay is an advertising free platform of game content that is directed at children.

The games on the Rooplay system are designed to both entertain and educate. Children engaging with Rooplay learn technology, solve puzzles, paint pictures, practice language, learn math, and other educational games. Shoal Games is developing a content system with Rooplay that builds tech literacy and encourages early learning.

Rooplay will generate revenue for the Company from consumer subscriptions which customers pay to unlock the Rooplay game catalog.

Shoal Games' other mobile products include Garfield’s Bingo (www.garfieldsbingo.com), and Trophy Bingo (www.trophybingo.com), are free-to-play mobile games live in the Apple, Google and Amazon App Stores. The Company has generated its main source of revenue to-date from players making in-app purchases in Trophy Bingo and Garfield’s Bingo.

Continuing operations

These consolidated financial statements have been prepared on the going concern basis, which presumes the realization of assets and the settlement of liabilities in the normal course of operations. The application of the going concern basis is dependent upon the Company achieving profitable operations to generate sufficient cash flows to fund continued operations, or, in the absence of adequate cash flows from operations, obtaining additional financing. The Company has reported losses from operations for the year ended December 31, 2016 and 2015, and has an accumulated deficit of \$21,563,438 as at December 31, 2016. This raises substantial doubt about the Company’s ability to continue as a going concern.

In view of the matters described in the preceding paragraph, recoverability of a major portion of the recorded asset amounts and settlement of the liability amounts shown in the accompanying balance sheets is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to succeed in its future operations. The Financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence.

Management continues to review operations in order to identify additional strategies designed to generate cash flow, improve the Company’s financial position, and enable the timely discharge of the Company’s obligations. If management is unable to identify sources of additional cash flow in the short term, it may be required to further reduce or limit operations.

Notes to Consolidated Financial Statements

Years ended December 31, 2016 and 2015

2. Summary of significant accounting policies:

(a) Basis of presentation:

These consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“US GAAP”) applicable to annual financial information and with the rules and regulations of the United States Securities and Exchange Commission. The financial statements include the accounts of the Company’s subsidiaries,

Company	Registered	% Owned
Shoal Media (Canada) Inc.	British Columbia, Canada	100%
Coral Reef Marketing Inc.	Anguilla	100%
Shoal Media Inc.	Anguilla	100%
Shoal Games (UK) Plc	United Kingdom	99%
Rooplay Media Ltd.	British Columbia, Canada	100%

In addition, there are the following dormant subsidiaries; Bingo.com (Antigua) Inc., Bingo.com (Wyoming) Inc., and Bingo Acquisition Corp.

During the year ended December 31, 2016, English Bay Office Management Limited changed its name to Shoal Media (Canada) Inc. During the year ended December 31, 2016, Rooplay Media Ltd. was registered in British Columbia, Canada. All inter-company balances and transactions have been eliminated in the consolidated financial statements.

Subsequent to the year ended December 31, 2016, Shoal Media UK Ltd. was incorporated under the laws of England and Wales.

(b) Use of estimates:

The preparation of consolidated financial statements in conformity with US GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and recognized revenues and expenses for the reporting periods.

Significant areas requiring the use of estimates include the valuation of long-lived assets, the collectibility of accounts receivable and the valuation of deferred tax assets. Actual results may differ significantly from these estimates.

(c) Revenue recognition:

Trophy Bingo and Garfield’s Bingo revenues have been recognized from the sale of in-game purchases, net of platform fees, at the time of purchase by the player. The revenue from in-game advertising is recognized when advertising is served to the player.

Notes to Consolidated Financial Statements

Years ended December 31, 2016 and 2015

2. Summary of significant accounting policies (Continued):

(c) Revenue recognition: (Continued)

Advertising revenues, not generated in Trophy Bingo or Garfield's Bingo, have been recognized when collection of the amounts are reasonably assured.

Rooplay revenue have been recognized when collection of the subscriptions are reasonably assured and the provision of service has occurred.

(d) Foreign currency:

The consolidated financial statements are presented in United States dollars, the functional currency of the Company and its subsidiaries. The Company accounts for foreign currency transactions and translation of foreign currency financial statements under Statement ASC 830, Foreign Currency Matters. Transaction amounts denominated in foreign currencies are translated at exchange rates prevailing at the transaction dates. Carrying values of monetary assets and liabilities are adjusted at each balance sheet date to reflect the exchange rate at that date. Non-monetary assets and liabilities are translated at the exchange rate on the original transaction date.

Gains and losses from restatement of foreign currency monetary and non-monetary assets and liabilities are included in net income. Revenues and expenses are translated at the rates of exchange prevailing on the dates such items are recognized in earnings.

(e) Accounts receivable:

Trade and other accounts receivable are reported at face value less any provisions for uncollectible accounts considered necessary. Accounts receivable includes receivables from payment processors and trade receivables from customers. The Company estimates doubtful accounts on an item-by-item basis and includes over-aged accounts as part of allowance for doubtful accounts, which are generally ones that are ninety-days overdue. Bad debt expense, for the year ended December 31, 2016, was \$nil (2015 - \$nil).

(f) Equipment:

Equipment is recorded at cost less accumulated depreciation. Depreciation is provided for annually on the declining balance method over the following periods:

Equipment and computers	3 years
Furniture and fixtures	5 years

Expenditures for maintenance and repairs are charged to expenses as incurred. Major improvements are capitalized. Gains and losses on disposition of equipment are included in income or expenses as realized.

2. Summary of significant accounting policies (Continued):

(g) Software Development Costs:

Software development costs incurred in the research and development of new software products and enhancements to existing software products for external use are expensed as incurred until technological feasibility has been established. After technological feasibility is established, any software development costs are capitalized and amortized at the greater of the straight-line basis over the estimated economic life of the related product or the ratio that current gross revenues for a product bear to the total of current and anticipated future gross revenues for the related product. Commencing January 1, 2014, the Company obtained technological feasibility and is amortizing the capitalized software development costs over a period of 3 years. The Company performs an annual review of the estimated economic life and the recoverability of such capitalized software costs, using a net realizable value test. The Company completed the amortization of the capitalized Trophy Bingo software development expenses on December 31, 2016.

If a determination is made that capitalized amounts are not recoverable based on the estimated cash flows to be generated from the applicable software, any remaining capitalized amounts are written off. Although the Company believes that its approach to estimates and judgments as described herein is reasonable, actual results could differ and the Company may be exposed to increases or decreases in revenue that could be material.

Total software development costs for the development of all three games; Rooplay, Garfield's Bingo and Trophy Bingo, were \$4,935,274 as at December 31, 2016 (December 31, 2015 - \$3,857,636).

(h) Advertising:

The Company expenses the cost of advertising in the period in which the advertising space or airtime is used. Advertising costs from continuing operations charged to selling and marketing expenses in 2016 totaled \$403,523 (2015 - \$549,534).

(i) Stock-based compensation:

The Company recognizes all stock-based compensation as an expense in the financial statements and that such cost be measured at the fair value of the award.

The fair value of each option grant has been estimated on the date of the grant using the Black-Scholes option-pricing model with the following assumptions:

	2016	2015
Expected dividend yield	-	-
Expected stock price volatility	78%	-
Weighted average volatility	78%	-
Risk-free interest rate	1.9%	-
Expected life of options	5 years	-

2. Summary of significant accounting policies (Continued):

(j) Impairment of long-lived assets and long-lived assets to be disposed of:

The Company accounts for long-lived assets in accordance with the provisions of ASC 360, Property, Plant and Equipment and ASC 350, Intangibles-Goodwill and Others. During the periods presented, the only long-lived assets reported on the Company's consolidated balance sheet are equipment, game development assets, and security deposits. These provisions require that long-lived assets and certain identifiable recorded intangibles be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset.

If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount and the fair value less costs to sell.

(k) Income taxes:

The Company follows the asset and liability method of accounting for income taxes. Under this method, current income taxes are recognized for the estimated income taxes payable for the current period. Deferred income taxes are provided based on the estimated future tax effects of temporary differences between financial statement carrying amounts of assets and liabilities and their respective tax bases, as well as the benefit of losses available to be carried forward to future years for tax purposes.

Deferred tax assets and liabilities are measured using the enacted tax rates that are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered and settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in operations in the period that includes the enactment date. A valuation allowance is recorded for deferred tax assets when it is not more likely than not that such future tax assets will be realized.

(l) Net (loss) income per share:

ASC 260, "Earnings Per Share", requires presentation of basic earnings per share ("Basic EPS") and diluted earnings per share ("Diluted EPS"). Basic earnings (loss) per share is computed by dividing earnings (loss) available to common stockholders by the weighted average number of common shares outstanding during the period. Diluted earnings per share reflects the potential dilution, using the treasury stock method, that could occur if outstanding options or warrants were exercised and converted into common stock. In computing diluted earnings per share, the treasury stock method assumes that outstanding

options and warrants are exercised and the proceeds are used to purchase common stock at the average market price during the period.

Options and warrants will have a dilutive effect under the treasury stock method only when the average market price of the common stock during the period exceeds the exercise price of the options and warrants. In periods where losses are reported, the weighted average

number of common shares outstanding excludes common stock equivalents because their inclusion would be anti-dilutive. A total of 1,010,000 (2015 - nil) stock options were excluded as at December 31, 2016.

The earnings per share data for the year ended December 31, 2016 and 2015 are summarized as follows:

	2016		2015	
Loss for the year from continuing operations	\$	(3,156,302)	\$	(2,981,987)
Income (loss) for the year from discontinued operations	\$	-	\$	16,305
Basic and diluted weighted average number of common shares outstanding		58,227,957		55,812,511
Basic and diluted (loss) earnings per common share outstanding				
Continuing operations	\$	(0.05)	\$	(0.05)
Discontinued operations		-	\$	0.00

(m) Domain name and intangible assets:

The Company had capitalized the cost of the purchase of the domain name Bingo.com and was amortizing the cost over five years from the date of commencement of operations. In 2002, the Company suspended the amortization of the domain name cost in accordance with ASC 350, where companies are no longer required to amortize indefinite life assets but instead test the indefinite intangible asset for impairment at least annually. The capitalized amount was based on the net present value of the minimum payments permitted under the terms of the purchase agreement. The domain name is tested for impairment by comparing the future cash flows of the domain name with its carrying value. The Company determined that as a result of level 3 unobservable inputs in accordance with ASC 820, Fair Value Measurements and Disclosures, that the fair value of the domain name exceeded the carrying value and therefore no impairment existed for the years presented.

(n) New accounting pronouncements and changes in accounting policies:

April 2016, and May 2016 within ASU 2015-04, ASU 2016-08, ASU 2016-10, ASU 2016-11 and ASU 2016-12, respectively. The guidance in this update supersedes the revenue recognition requirements in ASC 605, Revenue Recognition, and most industry-specific guidance throughout the Codification. Additionally, this update supersedes some cost guidance included in ASC 605-35, Revenue Recognition - Construction-Type and Production-Type Contracts. In addition, the existing requirements for the recognition of a gain or loss on the transfer of nonfinancial assets that are not in a contract with a customer (for example, assets within the scope of ASC 360, Property, Plant, and Equipment, and intangible assets, within the scope of ASC 350, Intangibles - Goodwill and Other) are amended to be consistent with the guidance on recognition and measurement in this update. The standard was to be effective for the Company as of January 1, 2018. An entity can apply the revenue standard retrospectively to each prior reporting period presented (full retrospective method) or retrospectively with the cumulative effect of initially applying the standard recognized at the date of initial application in retained earnings (simplified transition method). The Company is currently assessing the impact of this update on its consolidated financial statements. The Company has not yet selected an adoption date, a transition method nor has it determined the effect of the standard on its ongoing financial reporting.

In June 2014, the FASB issued ASU No. 2014-12, Compensation-Stock Compensation. This guidance requires that a performance target that affects vesting, and that could be achieved after the requisite service period, be treated as a performance condition. As such, the performance target should not be reflected in estimating the grant date fair value of the award. This update further clarifies that compensation cost should be recognized in the period in which it becomes probable that the performance target will be achieved and should represent the compensation cost attributable to the periods for which the requisite service has already been rendered. The new standard is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2015 and can be applied either prospectively or retrospectively to all awards outstanding as of the beginning of the earliest annual period presented as an adjustment to opening retained earnings. Early adoption is permitted. The adoption of ASU 2014-12 did not have a material impact on our financial condition, liquidity or results of operations.

In August 2014, the FASB issued ASU No. 2014-15, Presentation of Financial Statements - Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern ("ASU 2014-15"). ASU 2014-15 provides guidance about management's responsibility to evaluate whether there is substantial doubt about an entity's ability to continue as a going concern and sets rules for how this information should be

disclosed in the financial statements. ASU 2014-15 is effective for annual periods ending after December 15, 2016 and interim periods thereafter. Early adoption is permitted. The Company is evaluating the effect of ASU 2014-15 on our consolidated financial condition and results of operations.

In November 2014, the FASB issued ASU No. 2014-16, Determining Whether the Host Contract in a Hybrid Financial Instrument Issued in the Form of a Share Is More Akin to Debt or to Equity. This standard requires an entity to “determine the nature of the host contract by considering all stated and implied substantive terms and features of the hybrid financial instrument, weighing each term and feature on the basis of the relevant facts and circumstances which the hybrid financial instrument was issued or acquired and the potential outcome of the hybrid financial instrument. ASU 2014-16 is effective for annual periods ending after December 15, 2015 and interim periods thereafter. Early adoption is permitted. The adoption of ASU 2014-16 did not have a material impact on our financial condition, liquidity or results of operations.

In January 2015, the FASB issued ASU 2015-01, which eliminates from GAAP the concept of extraordinary items. If an event or transaction meets the criteria for extraordinary classification, it is segregated from the results of ordinary operations and is shown as a separate item in the income statement, net of tax. ASU 2015-01 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2015. Early adoption is permitted. The adoption of ASU 2015-01 did not have a material impact on our financial condition, liquidity or results of operations.

In February 2015, the FASB issued ASU 2015-02, which provides guidance for reporting entities that are required to evaluate whether they should consolidate certain legal entities. In accordance with ASU 2015-02, all legal entities are subject to reevaluation under the revised consolidation model. ASU 2015-02 is effective for public business entities for annual periods, and interim periods within those annual periods, beginning after December 15, 2015. Early adoption is permitted. The adoption of ASU 2015-02 did not have a material impact on our financial condition, liquidity or results of operations.

On April 17, 2015, the FASB issued ASU No. 2015-03, Simplifying the Presentation of Debt Issuance Costs, which requires debt issuance costs to be presented in the balance sheet as a direct deduction from the associated debt liability. Currently, debt issuance costs are recorded as an asset and amortization of these deferred financing costs is recorded in interest expense. Under the new standard, debt issuance costs will continue to be amortized over the life of the debt instrument and amortization will continue to be recorded in interest expense. The new standard is effective for the Company on January 1, 2016 and will be applied on a retrospective basis. The adoption of ASU 2015-03 did not have a material

impact on our financial condition, liquidity or results of operations.

The FASB has issued ASU 2015-05, Intangibles - Goodwill and Other - Internal-Use Software (Subtopic 350-40): Customer's Accounting for Fees Paid in a Cloud Computing Arrangement. The amendments in ASU 2015-05 provide guidance to customers about whether a cloud computing arrangement includes a software license. If a cloud computing arrangement includes a software license, then the customer should account for the software license element of the arrangement consistent with the acquisition of other software licenses. If a cloud computing arrangement does not include a software license, the customer should account for the arrangement as a service contract. The amendments do not change the accounting for a customer's accounting for service contracts. As a result of the amendments, all software licenses within the scope of Subtopic 350-40 will be accounted for consistent with other licenses of intangible assets. ASU 2015-05 is effective for public entities for annual periods, including interim periods within those annual periods, beginning after December 15, 2015. The adoption of ASU 2015-05 did not have a material impact on our financial condition, liquidity or results of operations.

In September 2015, the FASB issued ASU 2015-16, Simplifying the Accounting for Measurement-Period Adjustments guidance to simplify the accounting for adjustments in a business combination. An acquirer should recognize adjustments to provisional amounts with a corresponding adjustment of goodwill, as well as the effect on earnings of changes in depreciation, amortization or other income effects, in the reporting period in which the adjustments are identified as if the accounting had been completed at the acquisition date. Disclosure is required, by line item, of the amount recorded in current period earnings that would have been recorded in previous reporting periods. This guidance is effective for fiscal years and interim periods beginning after December 15, 2015, and requires prospective application. Early adoption is permitted. The adoption of ASU 2015-16 did not have a material impact on our financial condition, liquidity or results of operations.

In November 2015, the FASB issued ASU 2015-17, Income Taxes (Topic 740): Balance Sheet Classification of Deferred Taxes, which requires deferred income tax liabilities and assets to be classified as noncurrent on the balance sheet rather than being separated into current and noncurrent. The guidance is effective for public entities for annual periods beginning after December 15, 2016, and interim periods within those annual periods with early adoption being permitted. The Company is still assessing the potential impact of ASU 2015-17 on its consolidated financial statements.

In January 2016, the FASB issued ASU 2016-01, Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities ("ASU 2016-01"), which requires that equity investments, except for those accounted for under the

equity method or those that result in consolidation of the investee, be measured at fair value, with subsequent changes in fair value recognized in net income. However, an entity may choose to measure equity investments that do not have readily determinable fair values at cost minus impairment, if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer. ASU 2016-01 also impacts the presentation and disclosure requirements for financial instruments. ASU 2016-01 is effective for public business entities for annual periods, and interim periods within those annual periods, beginning after December 15, 2017. Early adoption is permitted only for certain provisions. The Company does not expect that the adoption of ASU 2016-01 will have a material effect on its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which requires lessees to recognize most leases on the balance sheet. This ASU requires lessees to recognize a right-of-use asset and lease liability for all leases with terms of more than 12 months. Lessees are permitted to make an accounting policy election to not recognize the asset and liability for leases with a term of twelve months or less. The ASU does not significantly change the lessees' recognition, measurement and presentation of expenses and cash flows from the previous accounting standard. Lessors' accounting under the ASC is largely unchanged from the previous accounting standard. In addition, the ASU expands the disclosure requirements of lease arrangements. Lessees and lessors will use a modified retrospective transition approach, which includes a number of practical expedients. The provisions of this guidance are effective for annual periods beginning after December 15, 2018, and interim periods within those years, with early adoption permitted. Management is evaluating the requirements of this guidance and has not yet determined the impact of the adoption on the Company's financial position or results of operations.

In March 2016, the FASB issued Accounting Standards Update No. 2016-09, Compensation-Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting ("ASU 2016-09"), which addresses how companies account for certain aspects of share-based payments to employees. Entities will be required to recognize the income tax effects of awards in the statement of income when the awards vest or are settled, and to present excess tax benefits as an operating activity on the statement of cash flows rather than as a financing activity. The ASU also addresses such areas as an accounting policy election for forfeitures and the amount an employer can withhold to cover income taxes and still qualify for equity classification. The amendments in this ASU will be effective for annual periods beginning after December 15, 2016 and interim periods within those annual periods. Early adoption is permitted. evaluating the impact of the adoption of this standard on its consolidated financial statements.

In June 2016, the FASB issued ASU No. 2016-13, "Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments". The accounting standard changes the methodology for measuring credit losses on financial instruments and the timing when such losses are recorded. ASU No. 2016-13 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2019. Early adoption is permitted for fiscal years, and interim periods within those years, beginning after December 15, 2018. The Company is currently evaluating the impact of ASU No. 2016-13 on its financial position, results of operations and liquidity.

In August 2016, the FASB issued ASU No. 2016-15, "Statement of Cash Flows (Topic 230)". The new guidance is intended to reduce diversity in practice in how certain transactions are classified in the statement of cash flows. ASU No. 2016-15 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2017. Early adoption is permitted, provided that all of the amendments are adopted in the same period. The guidance requires application using a retrospective transition method. The Company is currently evaluating the impact of ASU No. 2016-15 on its financial position, results of operations and liquidity.

In October 2016, the Financial Accounting Standards Board ("FASB") issued ASU No. 2016-16, Income Taxes (Topic 740). The standard improves the accounting for income tax consequences of intra-entry transfers of assets other than inventory. This pronouncement is effective for annual reporting periods beginning after December 15, 2017. The amendments in this ASU should be applied using a modified retrospective approach. The Company is currently evaluating the impact of ASU No. 2016-16 on its financial position, results of operations and liquidity.

In November 2016, the Financial Accounting Standards Board ("FASB") issued ASU No. 2016-18 (Topic 230) Statement of Cash Flow: Restricted Cash. The pronouncement requires that the statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. The amendments of this ASU are effective for reporting periods beginning after December 15, 2017, with early adoption permitted. The standard must be applied retrospectively to all periods presented. The Company is currently evaluating the impact of adoption on the Consolidated Financial Statements.

2. Summary of significant accounting policies (Continued):

(n) New accounting pronouncements and changes in accounting policies: (Continued)

There have been no other recent accounting standards, or changes in accounting standards, during the year ended December 31, 2016, as compared to the recent accounting standards described in the Annual Report, that are of material significance, or have potential material significance, to us.

(o) Financial instruments:

(i) Fair values:

The fair value of accounts receivable, accounts payable, accrued liabilities and accounts payable and accrued liabilities - related party approximate their financial statement carrying amounts due to the short-term maturities of these instruments. Cash is carried at fair value using a level 1 fair value measurement.

In general, fair values determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities. Fair values determined by Level 2 inputs utilize data points that are observable such as quoted prices, interest rates and yield curves. Fair values determined by Level 3 inputs are unobservable data points for the asset or liability, and included situations where there is little, if any, market activity for the asset. The Company's cash was measured using Level 1 inputs.

(ii) Foreign currency risk:

The Company operates internationally, which gives rise to the risk that cash flows may be adversely impacted by exchange rate fluctuations. The Company has not entered into any forward exchange contracts or other derivative instrument to hedge against foreign exchange risk.

3. Accounts Receivable:

The 15,000,000 common shares held by Unibet have been returned to the Company's treasury and were cancelled.

In addition, the Company disposed its online bingo business to Unibet Group plc. The Company recognized the residual gain on the sale of the online bingo business of \$16,305 received during the year ended December 31, 2015.

8. Promissory notes:

During the year ended December 31, 2016, the Company issued three unsecured promissory notes for \$400,000, accruing interest of \$811 from shareholders of the Company. The notes are repayable on March 31, 2018. The interest on the notes are 2% per annum, calculated and compounded annually and paid annually. Interest in arrears shall accrue interest. The unpaid principal amount due hereunder may be reduced to zero from time to time without affecting the validity of this note.

The promissory notes are accounted for by discounting the notes in a manner that reflects the entity's borrowing rate when interest cost is recognized in subsequent periods. The Company applied an estimated market rate of 15% to the promissory notes. In doing so, the Company used the discounted cash flow approach to value the present value of the notes. The cash flow stream from the coupon interest payments and the final principal payment were discounted at 15% to arrive at the valuations. The Company used a deemed rate of 15% as the appropriate

The tax effects of temporary differences that give rise to significant portions of the deferred tax assets and deferred tax liabilities at December 31, 2016 and 2015 are presented below:

	2016	2015
Deferred tax assets:		
Net operating loss carry forwards	\$ 15,017	\$ 17,898
Valuation Allowance	(15,017)	(17,898)
	\$ -	\$ -

The valuation allowance for deferred tax assets as of December 31, 2016 and 2015, was \$15,017 and \$17,898, respectively. The net change in the total valuation allowance was a decrease of \$2,881 for the year ended December 31, 2016, and an increase of \$9 for the year ended December 31, 2015.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those differences become deductible.

Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income, and tax planning strategies in assessing the realizability of deferred tax assets.

The Company controls credit risk through monitoring procedures and receiving prepayments of cash for services rendered. The Company performs credit evaluations of its customers but generally does not require collateral to secure accounts receivable.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

On February 4, 2010, we engaged Davidson & Company LLP, as its independent registered public accounting firm, to audit our financial statements. The decision to engage Davidson & Company LLP was approved by our Board of Directors at a Board meeting called for such purpose.

There have not been any changes in accountants for the years ended December 31, 2016 and 2015.

ITEM 9A. CONTROLS AND PROCEDURES

(a) Management's responsibility

Our management acknowledges its responsibility for establishing and maintaining adequate internal control over financial reporting of the Company.

(b) Evaluation of disclosure controls and procedures.

Our management, including the Chief Executive Officer and the Chief Financial Officer, evaluated the disclosure controls and procedures of the Company within 90 days prior to the date of this report, and found them to be operating efficiently and effectively to ensure that information required to be disclosed by us under the general rules and regulations promulgated under the Securities Exchange Act of 1934, is recorded, processed, summarized and reported, within the time periods specified by rules and regulations of the SEC.

These disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us is accumulated and communicated to our management, including our principal executive officer and principal financial officer as appropriate to allow timely decisions regarding required disclosure. However our management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management necessarily is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Our internal control system was designed to provide reasonable assurance to the Company's management and board of directors regarding the preparation and fair presentation of published financial statements. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management evaluated of the effectiveness of the Company's design and operation of its disclosure controls and procedures as defined in Exchange Act Rule 13a-15(f), based on the framework set forth in the Internal Control—Integrated Framework (1992) issued by the by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). Based on our evaluation, we believe that, as of December 31, 2016, the Company's internal control over financial reporting is effective under the COSO framework.

(c) Changes in internal controls.

There were no significant changes in our internal controls or other factors that could significantly affect our internal controls during the year ended December 31, 2016, and to the date of filing this annual report.

COMMITTEES OF OUR BOARD OF DIRECTORS

We currently have three committees of our Board of Directors.

- Audit Committee - This committee will review the financial statements of the Company and propose to the board to approve the financial statements. The Committee meets quarterly to review and approve the quarterly financial statements and to discuss the affairs of the company with the auditors.
- Governance Committee - This committee reviews the ethics policy of the Company and ensures compliance. It will make recommendations to the board for improvement in Corporate Governance. In addition it will be this committee to whom a whistle blower will report.
- Compensation Committee - This committee will propose the appointment and remuneration of the Chief Executive Officer including salary, stock options, and bonuses.

BOARD OF DIRECTORS MEETINGS

Our Board of Directors met, in person or by phone, seven times during the last fiscal year and it regularly approves all material actions required by consent resolutions.

CODE OF ETHICS

On December 21, 2006, the Board of Directors of Shoal Games Ltd. (the "Board") adopted a new Code of Business Conduct and Ethics (the "Code"), which applies to the Company's directors, officers and employees. The Code was adopted to further strengthen the Company's internal compliance program. The Code addresses among other things, honesty and integrity, fair dealing, conflicts of interest, compliance with laws, regulations and policies, including disclosure requirements under the federal securities laws, and administration of the code. The code is available at the Company's website at <http://investor.shoalgames.com/> under Corporate Governance. A copy of our Code of Ethics is available upon request at no charge to any shareholder.

DIRECTOR COMPENSATION

The Non Executive Directors receive a cash compensation for their services as members of the Board of Directors based on a compensation per meeting. During the year ended December 31, 2016, the Non Executive Directors collectively received compensation of \$6,000 (Fiscal 2015 -

\$9,500). The Executive directors currently do not receive cash compensation for their services as members of the Board of Directors. In addition, both the Non Executive and the Executive Directors are reimbursed for expenses in connection with attendance at Board of Directors meetings and specific business meetings. Directors are eligible to participate in our stock option plans. Option grants to directors are at the discretion of the Board of Directors acting upon the recommendation of the Compensation committee.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission (the "SEC") initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Our officers, directors and greater than ten percent beneficial owners filed in a timely manner in accordance with Section 16(a) filing requirements.

OPTION GRANTS IN THE LAST FISCAL YEAR

During the year ended December 31, 2016, the Company granted 1,010,000 options (2015 – nil) with an exercised price of CAD\$0.54 (approximately US\$0.42) per share.

During the year ended December 31, 2016, nil (2015 – 515,000) options were exercised. During the year ended December 31, 2016, nil options expired unexercised. During the year ended December 31, 2015, 5,000 options with an exercise price of \$0.15 expired unexercised.

STOCK OPTION PLANS

In the year ended December 31, 2015, the 1999, 2001 and 2005 Stock Option Plans were discontinued and replaced with the 2015 Stock Option Plan.

Our Board of Directors administers the 2015 Stock Option Plan. Our Board is authorized to construe and interpret the provisions of the Stock Option Plans, to select employees, directors and consultants to whom options will be granted, to determine the terms and conditions of options and, with the consent of the grantee, to amend the terms of any outstanding options. The 2015 Stock Option Plan provides for the granting of stock options to the employees, directors, advisors and consultants of the Corporation to encourage proprietary interest in the Corporation, to encourage such employees to remain in the employ of the Corporation or such directors, advisors and consultants to remain in the service of the Corporation, and to attract new employees, directors, advisors and consultants with outstanding qualifications.

Our Board determines the terms and provisions of each option granted under the Stock Option Plans, including the exercise price, vesting schedule, repurchase provisions, rights of first refusal and form of payment. The Plan shall not exceed 10% of the number of Shares of the Company issued and outstanding as of each Award Date, inclusive of all Shares presently reserved for issuance pursuant to previously granted stock options, unless shareholder approval is obtained in advance. The Exercise Price shall be that price per Share, as determined by the Board in its sole discretion, and announced as of the Award Date, at which an Option Holder may purchase a Share upon the exercise of an Option, provided that it shall not be less than the closing price of the Company's Shares traded through the facilities of the Exchange on the day preceding the Award Date, less any discount permitted by the Exchange, or such other price as may be required or permitted by the Exchange.

The term of options under the Stock Option Plans will be determined by our Board; however, the term of the stock option may not be for more than ten years. Where the award agreement permits the exercise of an option for a period of time following the recipient's termination of service with us, disability or death, that option will terminate to the extent not exercised or purchased on the last day of the specified period or the last day of the original term of the option, whichever occurs first.

If a third party acquires the Company through the purchase of all or substantially all of our assets, a merger or other business combination, except as otherwise provided in an individual award agreement, all unexercised options will terminate unless assumed by the successor corporation.

EMPLOYMENT ARRANGEMENTS

We entered into a management consulting agreement with T.M. Williams (Row), Inc., an Anguilla incorporated company and Mr. Williams dated August 20, 2001, (the "Williams Agreement"), amended February 28, 2002, in connection with the provision of services by Mr. Williams as President and Chief Executive Officer of the Company. During the year ended December 31, 2010, the agreement was amended to include a consultancy payment of US\$11,666 per month payable in arrears for providing Mr. Williams services as Executive Chairman.

The term of the amended Williams Agreement is for a period of one year, unless terminated sooner by any of the parties under the terms and conditions contained in the amended Williams Agreement. If the amended Williams Agreement is not terminated by any of the parties, the term may be renewed for a further one year period at the option of T.M. Williams (Row), Ltd., on substantially the same terms and conditions, by giving three months notice in writing to the Company. The agreement was renewed for a further one year period on August 1, 2013. This contract is for the provision of services by Mr. Williams as Executive Chairman.

During the year ended December 31, 2010, the agreement was amended to include a consultancy payment of \$11,666 per month payable in arrears. This contract is for the provision of services by Mr. T. M. Williams as Executive Chairman of the Company. During the year ended December 31, 2013, the agreement was amended to provide for a consultancy payment of 2.5% of the monthly social bingo business with a minimum of \$11,000 and a maximum of \$25,000 per month.

During the year ended December 31, 2014, the Company entered into an agreement with Jayska Consulting Ltd. and Mr. J. M. Williams, Chief Executive Officer of the Company for the provision of services of Mr. J. M. Williams as Marketing director of the Company. The Consulting agreement provides for a consultancy payment of GBP£5,000 per month payable in arrears. In addition, during the year ended December 31, 2014, entered into an agreement with LVA Media Inc. and Mr. J. M. Williams, for the provision of services of Mr. J. M. Williams as

Chief Executive Officer of Shoal Games Ltd. The Consulting agreement provides for a consultancy payment equaling of 2.5% of the monthly social bingo business with a minimum of \$7,500 and a maximum of \$25,000 per month.

During the year ended December 31, 2012, the Company entered into a management consulting agreement with Bromley Accounting Services Limited for the services of Mr. H. W. Bromley as the Chief Financial Officer.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

PRINCIPAL STOCKHOLDERS

The following table sets forth certain information known to us with respect to beneficial ownership of our common stock as of March 31, 2017, by:

- each person known by us to beneficially own 5% or more of our outstanding common stock;
- each of our directors;
- each of the Named Executive Officers; and
- all of our directors and Named Executive Officers as a group.

In general, a person is deemed to be a “beneficial owner” of a security if that person has or shares the power to vote or direct the voting of such security, or the power to dispose or direct the disposition of such security. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options or debentures held by that person that are currently exercisable or convertible or exercisable or convertible within 60 days of March 31, 2017, are deemed outstanding.

Percentage of beneficial ownership is based upon 59,708,318 shares of common stock outstanding at March 31, 2017. To our knowledge, except as set forth in the footnotes to this table and subject to applicable community property laws, each person named in the table has sole voting and investment power with respect to the shares set forth opposite such person’s name.

Name and Address of Beneficial Owner	Number of Shares Beneficially Owned		Percent of Class

- (1) Includes 16,722,281 shares held directly by Mr. T. M. Williams and 100,000 shares of common stock that may be issued upon the exercise of 100,000 stock purchase options with an exercise price of CAD\$0.54 (approximately US\$0.42) per share. Mr. T. M. Williams is a potential beneficiary of certain discretionary trusts that hold approximately 80% of the shares of a private holding company. If 80% of the shares of common stock beneficially owned by the private holding company are included here, Mr. T. M. Williams's beneficial ownership increases by 2,857,465 shares, representing 33.06% of the Class.
- (2) Includes, 308,200 shares held directly by Mr. J. M. Williams and 100,000 shares of common stock that may be issued upon the exercise of 100,000 stock purchase options with an exercise price of CAD\$0.54 (approximately US\$0.42) per share.
- (3) Includes 50,000 shares held directly by Ms. F. Curtis and 100,000 shares of common stock that may be issued upon the exercise of 100,000 stock purchase options with an exercise price of CAD\$0.54 (approximately US\$0.42) per share.

- (4) Includes 100,000 shares of common stock that may be issued upon the exercise of 100,000 stock purchase options with an exercise price of CAD\$0.54 (approximately US\$0.42) per share.
- (5) Includes, 375,000 shares held directly by Mr. H. W. Bromley and 100,000 shares of common stock that may be issued upon the exercise of 100,000 stock purchase options with an exercise price of CAD\$0.54 (approximately US\$0.42) per share.
