Dear Stockholder:

2017 was an exciting year for Shoal Games as we began to see the first results of the strategic pivot made in 2016 towards Rooplay, our pioneering OTT EdTech games platform for children, and away from mobile bingo games. We were able to maintain some revenue from our legacy bingo products, while developing and launching the first version of Rooplay on Android devices in the summer of 2017. Rooplay was met with a very positive response in the market by its first customers and by Google who provided valuable platform support for the new system.

In addition to launching the first version of Rooplay, Shoal Games designed, produced, and developed more than 20 new children's games to feature on the Rooplay system in 2017 with an additional 10 games so far in 2018. Every game features a popular global brand such as Garfield or Moomin, who were our first two brand licenses for Rooplay Original games. During 2017 we also licensed Mr. Men & Little Miss for a special set of games launched in 2018 along with additional licenses of Peter Rabbit, Mr. Bean, and Pororo the Little Penguin. Our strategy with Rooplay is to create a platform of games, similar to Netflix, and also to build exclusive content so that Rooplay has special games that are not available on any other system.

After considerable testing and improvements, Rooplay finished 2017 with more than 200,000 installs and a growing subscriber base of new users. At present Rooplay remains live exclusively on Android devices and has increased its total install count to more than 650,000 users. With each of these new users we have been optimizing our pricing, marketing, and conversion strategies to increase the value of each new player and minimize the cost to the Company. Rooplay is pursuing a complex "OTT" strategy which stands for Over-The-Top and describes systems that stream Internet content to connected Mobile, Web, & TV devices. We are applying the same design philosophy to Rooplay as has been done to world famous OTT systems like Netflix, Spotify, and Hulu. Rooplay delivers cloud-based content to users through Internet connected devices. Our OTT Web, Apple and TV versions of Rooplay entered development in late 2017 and are expected to be live shortly.

OTT Platforms have revolutionized content consumption in the US and all over the world. In the US alone, each month 150 million people watch Netflix, 90 million watch on Amazon Prime, 55 million watch Hulu, and 52 million stream Spotify music. Furthermore, according to a Deloitte 2018 media report, paid online media subscriptions passed 500 million accounts in 2017. The report estimates that by 2020, 50% of adults in developed countries will have at least 4 online-only subscription accounts. Currently no OTT games platform for children, like Rooplay, exists.

To create a successful OTT platform with Rooplay, the first step is to create a stable system that is available on all devices. In a matter of weeks, Rooplay will be live across all types of devices. The second step is to enhance our pipeline of game content so that a steady stream of new games are constantly being launched on the service. Management has spent considerable time and effort developing a pipeline of games considering all possible sources including our own production, licensing from others, and development partnerships. We have produced more than 30 Rooplay Original games to provide exclusive content for the system. We have licensed more than 300 games from external developers to provide depth to our catalog. The next phase of the development of our content pipeline is to enable new games to be released on Rooplay in partnership with external developers. To attract developers to the Rooplay system and ensure partnership games are high quality and will function across all devices, we built an innovative game production tool called Shoal.js.

Shoal.js is unique in that it allows developers to use the world's most popular game engine, Unity, for initial simplified game creation and then to export their game to HTML5 (the format required for Rooplay). Developers are excited to use Shoal.js as they can port their existing Unity games to HTML5 for web publishing using our innovative process which is not currently available from another provider in the market. Armed with Shoal.js, we can engage Unity game developers in all parts of the world and encourage them to port their content to HTML5 and post it on Rooplay. Executing this strategy creates a large pipeline of new and exclusive content for Rooplay which, in turn, increases the platform's value to our subscribers and, ultimately, the revenue to the Company.

Shoal Games management believes that Rooplay will be a success and we thank you, our investors, for your patience. We continue to secure new investments to fund our operations and will continue to develop and execute our strategies as quickly as our resources allow.

It is expected that new directors will generally have been executives with extensive business or other senior level experience and have directorship responsibilities on other public and private company boards and institutions. Orientation for these individuals is provided through a review of past Board of Director materials and other private and public documents concerning the Company. Given the level of experience of those joining the Board and the relatively short history of the Company, a formal orientation and education program has not been viewed as necessary.

Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.

The Company has no formal policy of providing professional development courses to Board members, though educational sessions are occasionally presented to the Board by the Company's outside advisors. The Company will engage consultants on an as-needed basis to make presentations to the Board on matters relevant to the Company.

5. Ethical Business Conduct

Disclose whether or not the board has adopted a written code for the directors, officers and employees. If the board has adopted a written code disclose how a person or company may obtain a copy of the code;

The code is available at the

Company's website at <http://investor.shoalgames.com> in the Corporate section under Corporate Governance. A copy of our Code of Ethics is available upon request at no charge to any shareholder.

Describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board satisfies itself regarding compliance with its code;

The Board is ultimately responsible for the implementation and administration of the Code of Business Conduct and Ethics and, given the nature and size of the Company, the Board is of the view that it can effectively monitor the day-to-day implementation and administration of the Code.

Provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code.

There are no such reports.

Describe any steps the board takes to ensure directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

A director or officer of the Company must declare the nature of any interest that he or she has in a material contract, whether made or proposed, with the Company. Following such a declaration, Board members will abstain from voting on any resolution in which they may have a potential conflict of interest.

Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.

The Board monitors management on a regular basis. The Company is dedicated to the maintenance of good corporate governance and ethical business conduct. If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.

The mandate of the Compensation Committee is to establish and monitor the Company's policies for attracting, retaining, developing and motivating senior employees. The compensation policies are designed to support the Company's strategic objectives, ensure that incentive programs are designed to motivate senior managers to achieve or exceed corporate objectives and to enhance shareholder value and to ensure that there is reasonable consistency in the application of the compensation policies. The Company's responsibilities include reviewing annually the performance of the Chief Executive Officer (or more frequently if deemed necessary by the Compensation Committee), setting the Chief Executive Officer's compensation and, in consultation with the Chief Executive Officer, establishing his personal objectives, reviewing the performance and approving the compensation of executive officers of the Company on the recommendation of the Chief Executive Officer, establishing incentive compensation programs and monitoring their effectiveness and developing and documenting the compensation policy and philosophy of the Company for approval by the Board of Directors.

If a compensation consultant or advisor has, at any time since the beginning of the issuer's most recently completed financial year, been retained to assist in determining compensation for any of the issuer's directors and officers, disclose the identity of the consultant or advisor and briefly summarize the mandate for which they have been retained. If the consultant or advisor has been retained to perform any other work for the Issuer, state that fact and briefly describe the nature of the work.

ARTICLE III TERMS AND CONDITIONS OF OPTIONS

3.1 BOARD TO ALLOT SHARES

The Shares to be issued to Option Holders upon the exercise of Options shall be allotted and authorized for issuance by the Board prior to the exercise thereof.

3.2 NUMBER OF SHARES

The maximum number of Shares issuable under the Plan shall not exceed 10% of the number of Shares of the Company issued and outstanding as of each Award Date, inclusive of all Shares presently reserved for issuance pursuant to previously granted stock options, unless shareholder approval is obtained in advance in accordance with section 6.5 hereof.

Options that have been cancelled or that have expired without being exercised in full shall continue to be issuable under the Plan. Subject to the provisions of section 6.5, Options that have been exercised will reduce the total number of Options available to be granted hereunder.

3.3 TERM OF OPTION

Subject to section 3.5, the Expiry Date of an Option shall be the date so fixed by the Board at the time the particular Option is awarded, provided that such date shall not be later than the tenth anniversary of the Award Date of the Option, or such other maximum amount of time as may be allowable under the policies of the Exchange.

3.4 LIMITATIONS AND REQUIREMENTS

The total number of Options awarded to any one individual in any twelve month period shall not exceed 5% of the issued and outstanding Shares of the Company at the Award Date (unless the Company has obtained disinterested shareholder approval).

The total number of Options awarded to any one Consultant for the Company shall not exceed 2% of the issued and outstanding Shares of the Company at the Award Date without consent being obtained from the Exchange.

The total number of Options awarded to all persons employed by the Company who perform Investor Relations Activities for the Company shall not exceed 2% of the issued and outstanding Shares of the Company, in any twelve month period, calculated at the Award Date without consent being obtained from the Exchange.

The Company shall issue a press release at the time of grant for all Options issued to Insiders of the Company and investor relations service providers.

All Options granted to Insiders of the Company or granted at any discount to the market price of the Company's shares will be subject to a four month hold period which commences on the date that the Options are granted.

3.5 TERMINATION OF OPTION

An Option Holder may exercise an Option in whole or in part at any time or from time to time during the Exercise Period provided that, with respect to the exercise of part of an Option, the Board may at any time and from time to time fix limits, vesting requirements or restrictions in respect of which an Option Holder may exercise part of any Option held by him. Any Option or part thereof not exercised within the Exercise Period shall terminate and become null, void and of no effect as of 5:00 p.m. (Vancouver time) on the Expiry Date. The Expiry Date of an Option shall be the earlier of the date so fixed by the Board on the Award Date referred to in section 3.3 above, and the date established, if applicable, in subsections (a) to (c) below.

(a) Death

In the event that the Option Holder should die while he or she is still (i) a Director or Employee, (other than an Employee performing Investor Relations Activities) the Expiry Date shall be 12 months from the

date of death of the Option Holder; or (ii) a Consultant, or an Employee performing Investor Relations Activities, the Expiry Date shall be one month from the date of death of the Option Holder.

(b) Ceasing to Hold Office

Unless otherwise determined by the Board of Directors in writing, in the event that the Option Holder holds his or her Option as Director and such Option Holder ceases to be a Director of the Company other than by reason of death, the Expiry Date of the Option shall be the 90th day following the date the Option Holder ceases to be a Director of the Company unless the Option Holder continues to be engaged by the Company as an Employee or Consultant, in which case the Expiry Date shall remain unchanged. However, if the Option Holder ceases to be a Director of the Company as a result of:

- (i) ceasing to meet the qualifications set forth in s.114 of the Business Corporations Act (British Columbia) or section 40 of the International Business Companies Act of Anguilla; or
- (ii) a special resolution having been passed by the members of the Company pursuant to the Company's bylaws,

then the Expiry Date shall be the date the Option Holder ceases to be a Director of the Company.

(c) Ceasing to be Employed

Unless otherwise determined by the Board of Directors in writing, in the event that the Option Holder holds his or her Option as an Employee or Consultant of the Company (other than an Employee or Consultant performing Investor Relations Activities) and such Option Holder ceases to be an Employee or Consultant of the Company other than by reason of death, the Expiry Date of the Option shall be the 30th day following the date the Option Holder ceases to be an Employee or Consultant of the Company unless the Option Holder ceases to be such as a result of:

- (i) termination for cause; or
- (ii) an order of the British Columbia Securities Commission, the Exchange, or any regulatory body having jurisdiction to so order,

in which case the Expiry Date shall be the date the Option Holder ceases to be an Employee or Consultant of the Company.

3.6 EXERCISE PRICE

The Exercise Price shall be that price per Share, as determined by the Board in its sole discretion, and announced as of the Award Date, at which an Option Holder may purchase a Share upon the exercise of an Option, provided that it shall not be less than the closing price of the Company's Shares traded through the facilities of the Exchange (or, if the Shares are no longer listed for trading on the Exchange, then such other exchange or quotation system on which the Shares are listed or quoted for trading) on the day preceding the Award Date, less any discount permitted by the Exchange, or such other price as may be required or permitted by the Exchange.

3.7 ASSIGNMENT OF OPTIONS

Options may not be assigned or transferred, and all Option Certificates will be so legended, provided however that the Personal Representatives of an Option Holder may, to the extent permitted by section 4.1, exercise the Option within the Exercise Period.

3.8 PAYROLL WITHHOLDING

If the Company is required under the Income Tax Act (Canada) or any other applicable law to make source deductions in respect of employee stock option benefits and to remit to the applicable governmental authority an amount on account of tax on the value of the taxable benefit associated with the issuance of Common Shares on exercise of Options, then the Option Holder shall:

- (a) pay to the Company, in addition to the exercise price for the Options, sufficient cash as is reasonably determined by the Company to be the amount necessary to permit the required tax remittance;
- (b) authorize the Company, on behalf of the Option Holder, to sell in the market on such terms and at such time or times as the Company determines a portion of the Common Shares being issued upon exercise of the Options to realize cash proceeds to be used to satisfy the required tax remittance; or
- (c) make other arrangements acceptable to the Company to fund the required tax remittance.

3.9 ADJUSTMENTS

If prior to the complete exercise of any Option the Shares are consolidated, subdivided, converted, exchanged or reclassified or in any way substituted for (collectively the “Event”), the Option, to the extent that it has not been exercised, shall be adjusted by the Board in accordance with such Event in the manner the Board deems appropriate. No fractional Shares shall be issued upon the exercise of the Options and accordingly, if as a result of the Event an Option Holder would become entitled to a fractional share, such Option Holder shall have the right to purchase only the next lowest whole number of shares and no payment or other adjustment will be made with respect to the fractional interest so disregarded. Additionally, no lots of Shares in an amount less than 500 Shares shall be issued upon the exercise of the Options unless such amount of Shares represents the balance left to be exercised under the Options.

3.10 EXERCISE RESTRICTIONS

The Board may, at the time an Option is awarded or upon renegotiation of the same, attach restrictions relating to the exercise of the Option, including vesting provisions. Any such restrictions shall be recorded on the applicable Option Certificate.

Notwithstanding the above, Options issued to Consultants performing Investor Relations Activities must vest in stages over at least twelve months with not more than one-quarter of the Options vesting in any three month period.

3.11 REPRESENTATIONS

For Options granted to Employees, Consultants or Management Company Employees, both the Company and the Option Holder will represent that the Option Holder is a bona fide Employee, Consultant or Management Company Employee, as the case may be.

ARTICLE IV EXERCISE OF OPTION

4.1 EXERCISE OF OPTION

An Option may be exercised only by the Option Holder or his Personal Representative. An Option Holder or his Personal Representative may exercise an Option in whole or in part, subject to any applicable exercise restrictions, at any time or from time to time during the Exercise Period up to 5:00 p.m. (Vancouver time) on the Expiry Date by delivering to the Administrator an Exercise Notice, the applicable Option Certificate and a certified cheque or bank draft payable to the Company in an amount equal to the aggregate Exercise Price of the Shares to be purchased pursuant to the exercise of the Option.

4.2 ISSUE OF SHARE CERTIFICATES

As soon as practicable following the receipt of the Exercise Notice, the Administrator shall cause to be delivered to the Option Holder a certificate for the Shares so purchased. If the number of Shares so purchased is less than the number of Shares subject to the Option Certificate surrendered, the Administrator shall forward a new Option Certificate to the Option Holder concurrently with delivery of the aforesaid share certificate for the balance of the Shares available under the Option.

4.3 CONDITION OF ISSUE

The issue of Shares by the Company pursuant to the exercise of an Option is subject to this Plan and compliance with the laws, rules and regulations of all regulatory bodies applicable to the issuance and distribution of such Shares and to the listing requirements of any stock exchange or exchanges on which the Shares may be listed. The Option Holder agrees to comply with all such laws, rules and regulations and agrees to furnish to the Company any information, report and/or undertakings required to comply with and to fully cooperate with the Company in complying with such laws, rules and regulations.

4.4 MONITORING OF TRADES

An Option Holder who performs Investor Relations Activities shall provide written notice to the Board of each of his trades of securities of the Company, within five business days of each trade.
