## **Kidoz Inc. Completes AGM and Provides Corporate Update**

ANGUILLA, B.W.I., December 13, 2019 – Kidoz Inc. (TSXV:KIDZ) (the "Company"), kid-tech software developer, owner of the KIDOZ Safe Ad Network ([www.kidoz.net](http://www.kidoz.net)), the KIDOZ Kid-Mode Operating System, and the Rooplay edu-games platform ([www.rooplay.com](http://www.rooplay.com)), announced today that it completed its Annual General Meeting (AGM) in Anguilla B.W.I., added new sales houses covering 10 new countries, and posted the new Fundamental Research Corporation Research Report on Kidoz Inc.

At the AGM held November 27<sup>th</sup>, 2019, the Kidoz Inc. shareholders elected the Company's Board of Directors: Tarnie Williams Sr. (Executive Chairman), Eldad Ben Tora and Jason Williams (Co-CEO's), Fiona Curtis, Claes Kalborg, Josef Mandelbaum, and Moshe David (Non-executive directors) as well as reappointed the Auditors, Davidson & Company and re-affirmed the Company's stock option plan. In addition, the Co-CEOs Eldad Ben Tora and Jason Williams provided an update to shareholders in attendance in Anguilla which highlighted the Company's strong Q3 2019 performance, an assortment of new global sales relationships, and the positive market factors for continued growth in 2020.

Kidoz has signed new agency sales house relationships in Brazil, Malaysia, India, and a multi-territory agreement covering seven countries in the Middle East. With the addition of these new sales agency relationships Kidoz now has local representation in more than 25 countries. Media sales agencies are excited to begin working with Kidoz because our inventory of mobile digital advertising is unique. The advertising options for global children's entertainment companies is limited due to strict rules by regulators, Google and Apple. Advertising with Kidoz provides compliance, brand safety, and high performance results.

"The forces we're seeing in the market are creating an excellent environment for the Kidoz Safe Advertising Platform and we continue to see growth in sales, traffic, and partners from many regions of the world," said Jason Williams Co-CEO. "As the Company grows and our technology is refined, we're able to streamline the on-boarding of new publisher partners of all sizes which adds value to our inventory through increased reach and performance. As our inventory increases in value we are able to close more deals and increase the average deal size which has a positive impact on our financial performance as can be seen in our Q3 2019 results. Management believes that the strong regulatory, consumer, and digital trends helping the Company to grow will continue in Q4 2019 and into fiscal 2020."
